**CONFERENCE REPORT**

# 3rd Edition of Sankalp Se Siddhi

## New India. New Resolve

The Ministry of Culture, Government of India, Confederation of Indian Industry (CII) and India@75 Foundation, jointly organized the third edition of Sankalp Se Siddhi on 4th August, 2022 at Hotel Taj West End, Bengaluru. The inaugural edition was held in New Delhi on the 23rd of April 2022 and the second edition in Mumbai on 8th of July 2022.

Sankalp Se Siddhi is one of the many visioning exercises being conducted by CII as a part of its forward-looking initiative called India@75 and beyond. These conferences are being conducted under the aegis of Azadi ka Amrit Mahotsav, the Government's flagship initiative to commemorate completion of India's 75th year of Independence and draw up a vision for India@100. These are platforms for sectoral ministries and industry leaders to deliberate on the constituents and roadmap of an inclusively developed India by 2047.

The Bengaluru edition themed around 'Towards an inclusively developed India@100' focused on conversation between the Government and Industry on the way forward in areas key to the country's future and to put it on the path of exponential and holistic growth.

It drew an august gathering comprising **Shri Amit Shah**, Hon'ble Minister of Home Affairs and Cooperation, Government of India; **Shri G Kishan Reddy**, Hon'ble Minister of Culture, Tourism and Development of North Eastern Region, Government of India; **Shri Basavaraj Somappa Bommai**, Hon'ble Chief Minister, Government of Karnataka; **Shri Govind Mohan**, Secretary, Ministry of Culture, Government of India; **Mr Sanjiv Bajaj**, Chairman and Managing Director, Bajaj Finserv Limited; **Dr Sanjiv Goenka**, Chairman, RP-Sanjiv Goenka Group; **Mr Vikram Kirloskar**, Vice Chairman, Toyota Kirloskar Motor Pvt. Ltd.; **Mr R Dinesh**, Executive Vice Chairman, TVS Supply Chain Solutions Ltd.; **Mr Sanjiv Puri**, Chairman, ITC Limited; **Mr Chandrajit Banerjee**, Director General, Confederation of Indian Industry (CII); **Mr Rajan Navani**, Vice Chairman, Jetline Group of Companies.

# Key Takeaways

It is an imperative for the common man and the youth of the country to connect with the sentiment of India's Azadi so that they can fully involve and identify themselves in the progress and development of the country.

The development of India and the pace at which the country emerged from COVID has surprised the whole world. Government has been able to pull the country out of COVID by focusing on the pillars of economy, infrastructure, demography, demand and supply.

The seeds of Amrit Kaal for the next 25 years have been sown by the efforts of the Government in the last 8 years through a sound policy ecosystem.

Government's efforts dedicated for handholding the industry and the society have largely been aimed at improving the GDP and the economy. Social schemes like Housing for All, constructing toilets, providing electricity, Jan-Dhan Yojna, Aadhar, Mobile linkage for Direct Benefit Transfers, Swachh Bharat, and others have given a human face to GDP growth.

Efforts for the industry have been made through conducive new policies for PLI, education, health-care, health infrastructure, renewables, electronics, and Vocal for Local, amongst others.

Industry should build scale and identify sectors that need focus, to improve the manufacturing ecosystem to cut down on import bill.

The Government has worked tirelessly to ensure a robust growth. It is dedicated to the growth of the NE region and is building road, air, rail, waterway and digital connectivity. Industry should invest in the North East Region and in Jammu and Kashmir.

Karnataka has been at the forefront of development with 400 world class R&D centres, a thriving start up and IP ecosystem, 10 agro climatic zones, and biodi-

versity hotspots. The state aims to contribute USD 1 trillion to the PM's vision of creating a USD 5 trillion economy by 2025.

Agriculture is one of the crucial sectors and the welfare of farmers and doubling their income should be a priority.

Government will soon bring out a vision and road - map for a sustainable and inclusive India in 2047.

Amidst global geopolitical uncertainty and inflation, lies the opportunity for the Indian industry. India can be one of the major sourcing partners for the world.

The supply chain and logistics sector has immense potential and is well backed by the multi modal thought process. Gati Shakti is a forerunner for the whole world to follow.

Industry is geared up to the Government's ambitious climate goals. Climate change is a serious concern and strategies for adaptation are needed.

Government's vision of creating an Aatmanirbhar Bharat has instilled confidence in the industry and the efforts are directed to creating a world class, competitive industry taking care of the parameters of quality, class and delivery.

India's youth are considered to be the best brains for R&D, Indian Industry should make efforts to create a platform to promote R&D in India and focus on changing its scale.

India Inc should support Start-Ups because there is a kind of linkage between industry and the Startup. We should work with the aim that production chain from raw materials to finished goods should be made in India.

We need to move forward by paying special attention to defense, energy, and how to be a cost friendly industry and a manufacturing hub.

In the last 8 yrs, Hon. Prime Minister has channelised the entire economy to work in the direction towards development. Through various changes, we have seen major development in 2022 in FDI & 'EoDB' rankings.- @AmitShah, Hon Minister, @HMOIndia at 3rd #SankalpSeSiddhi Conference

Azadi ka #AmritMahotsav is being celebrated with the intent of imbibing the feeling of patriotism and to make the youth of the country aware about the freedom struggle and relate with our freedom fighters. - @AmitShah, Hon Minister, @HMOIndia at 3rd #SankalpSeSiddhi Conference.

The Government of India prepared 5 pillars of foundation, on which all our policies and decisions were based to handle the pandemic - Economy, Infrastructure, Systematic Reforming System, Demographics, Demand & Supply. - @AmitShah, Hon'ble Minister, @HMOIndia

There is no sector or area that has been left untouched when it comes to change, reform & development. The opportunities have only increased across the sectors. Govt has given a human face to GDP, focus is on scale rather than speed. - @AmitShah, Hon'ble Minister, @HMOIndia

I feel proud to say that these pillars helped the country come out of the problems of Covid impact, at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav @Indiaat75 @AmitShahOffice @PIBHomeAffairs @PIBBengaluru

The Gol has taken various steps during the pandemic like securing the #MSME sector, providing INR 6,00,000 crore of working capital to the MSME industry. - @AmitShah, Hon Minister, @HMOIndia at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav

Govt is still providing free ration to 80 crore people, Direct Benefit Transfer Scheme to secure every citizen in the difficult times. @Indiaat75 @AmitShahOffice @PIBHomeAffairs @PIBBengaluru

Karnataka has got 400 world renowned R&D centres, from geomatics to space. This speaks volumes of the strength of the state #research & #innovation. - @BSBomma, Hon. @CMofKarnataka at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav @Indiaat75

In walking towards a path of inclusive development, GOI is running schemes like @pmsvanidhi to provide loan facility for people, building Greenfield airports. - @kishanreddybjp, Hon Minister of Culture, Tourism and Development of North Eastern Region, Gol

We as Industry will participate with full enthusiasm in the #HarGharTiranga campaign. We will encourage all our partners and vendors to do the same.- @sanjivgoenka, Chair, @Indiaat75 Foundation at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav

India has made a resolve to be #AtmaNirbhar. Today, India has moved 8 places ahead to land at the 142nd rank out of 190 countries in the 'Ease Of Doing Business' rankings, formulated by The World Bank. - @kishanreddybjp, Hon Minister of Culture, Tourism & Development of NE Region

In next 4 years, the government plans to establish 100 more airports, develop seaplane networks and increase airways connectivity to hilly regions like North East at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav @Indiaat75

The connection between business, Govt, youth & everybody else to be able to create such multi stakeholder platforms that we are on today. - @NavaniRajan, Chair, CII Council on @Indiaat75 Foundation; Vice Chairman, Jetline Group of Companies at 3rd #SankalpSeSiddhi Conference.

The Government has placed its trust and enthused industries with confidence. We along with 3 Lakh Industry members of CII pledge their support to #HarGharTiranga . - @CB\_CII, Director General, CII at 3rd #SankalpSeSiddhi Conference. #AmritMahotsav @MinOfCultureGol @AmritMahotsav

Investing in #Agriculture is not just #foodsecurity but also economic security. Hence, the connectivity between the Agri and the services sector has to be as strong as possible. - @BSBomma, Hon. @CMofKarnataka at 3rd #SankalpSeSiddhi Conference. @MinOfCultureGol @AmritMahotsav

# Way Forward

Last year, during the 75th Independence Day celebrations, Hon'ble Prime Minister of India, Shri Narendra Modi had unveiled a new roadmap for the country for the next 25 years and termed it as 'Amrit kaal'.

Amrit kaal will look at bettering the lives of citizens, lessen the developmental divide between rural and urban India and create an inclusive society. Technology adoption for the larger good will be a hallmark of this period.

Confederation of Indian Industry (CII) and India@75 Foundation, jointly with the Ministry of Culture, Government of India, is conducting a series of cross-sectoral dialogues at the regional and state level titled Sankalp Se Siddhi, as part of the celebrations for Azadi Ka Amrit Mahotsav. The intent is to initiate a multi-stakeholder assessment of the country's, sectoral and social achievements, especially in the last decade, and draw a roadmap for a new India by 2047.

CII and India@75 Foundation aims to evolve the contours of a vision for India through an industry-led, Government-supported multi-stakeholder, development movement in the next 25 years.

It is important that we enhance the vision and expand it to a roadmap towards making India a superpower by 2047. CII & India@75 Foundation have

collaborated with the Boston Consultancy Group (BCG) for evolving the National Vision Document for India@100.

The ongoing visioning exercise aims to encapsulate the aspirations of Indian citizens to create a shared vision that can inform planning at the national level. Leaders from all walks of life are being engaged to ensure a fair representation of society in the road map being proposed.

CII State offices have also commenced work on a similar visioning exercise for their respective state@100. This will help give a micro view for the each one of the states and also make the national vision document more granular. Fourteen growth themes which have been identified to form the building blocks towards India's success story.

These are: Agriculture, Manufacturing, Services, Climate and Sustainability, Arts Media and Entertainment, Digital Platforms, Education and Skill Development, Governance and Administration, Healthcare, Infrastructure and Urbanisation, Sports, Transformative Technologies, Tourism and Hospitality and Global positioning of India.

'INDIA NOW 7TH FAVOURITE INVESTMENT DESTINATION'

## Amit Shah Urges Industry to Fully Back Startups

Minister also asks CII to prioritise R&D efforts here and see nothing in the production chain is made outside India

Our Bureau

Bengaluru: Union home & cooperation minister Amit Shah on Thursday urged India's industry to fully back startups in view of the linkage they have with industry.

Startups have come a long way since 2014 when the country was just one unicorn—a startup with a billion-dollar-plus valuation. Today with over 100 unicorns startups, the youth of India are representing the country on the global stage. "Shah said at the third edition of the 'Sankalp Se Siddhi' conference in Bengaluru, organised jointly by the Ministry of Culture and the Confederation of Indian Industry. A slew of reform initiatives has placed India at the third position in the global competitiveness index from 71 in 2014-15, he said. Between 2014 and 2021, foreign direct investment of \$40 billion came into India, the minister said.

"I should identify things. This should be done by industry now and that can only happen when CII becomes a platform instead of just representing issues. CII should come up with some concrete proposals to solve problems," he said. "We need to move forward by paying special attention to technology, energy, and how to be cost-friendly industry and manufacturing hubs."

**FOCUS ON R&D**  
Shah urged industries to prioritise R&D efforts to build their scale. "India's industry should not think about increasing its speed but about changing its scale and if scale is to be changed, then the thrust has to be on R&D," he said.

## Shah Urges Industry to Back Startups, Seeks R&D Focus

Union Minister Amit Shah in Bengaluru on Thursday urged industry to fully back startups in view of the linkage they have with industry.

SHAH: MODI GAVE AN ALL-INCLUSIVE GOVT IN 8 YEARS

Press Trust of India

letters@hindustantimes.com

BENGALURU: Union home minister Amit Shah on Thursday said Prime Minister Narendra Modi gave an all-inclusive and all-reaching government in the last eight years.

Taking a swipe at the erstwhile UPA government at the Centre, Shah alleged that there was "policy paralysis" then, while a number of scams also happened.

"In eight years Prime Minister Narendra Modi gave a Sarva Sparsh, Sarva Samaveshi government to the country. There isn't any area where reforms didn't take place. We have taken an oath for the welfare of the entire society," he said.

Shah, who also holds the cooperation portfolio, was speaking at the 'Sankalp Se Siddhi' event organised by the Confederation of Indian Industry here to celebrate 75 years of Indian independence.

India is now the fastest growing nation and we have successfully implemented the Goods and Services Tax. The maximum exports and foreign direct investment took place in 2022, Shah pointed out. "I can say with confidence that no one can take India lightly anymore. There will be no one, who will not recognise India's rising power in the next 25 years," he said.

## 'India is rising to become a world power in the next 25 years'

Modi administration's policies have put the country on a fast growth mode: Shah

Special Correspondent  
India has embarked on a rapid growth mode and no one can take the country lightly anymore as it is going to rise as a leading power in the next 25 years, said Union Minister Amit Shah on Thursday.

"These leaders Narendra Modi in eight years gave a Sarva Sparsh, Sarva Samaveshi government to the country. We have taken an oath for the welfare of the entire society. I can say with confidence that no one can take India lightly anymore," he said.

## Inflation, rupee fall can't be viewed in isolation: Shah

'Global cues are responsible for the phenomenon'

BENGALURU: Union Minister Amit Shah on Thursday said inflation and rupee fall cannot be viewed in isolation. "Global cues are responsible for the phenomenon," he said.

Union Minister Amit Shah on Thursday said inflation and rupee fall cannot be viewed in isolation. "Global cues are responsible for the phenomenon," he said. "The rupee is not a free market, it is a managed currency. We have to manage it. We have to manage it. We have to manage it."

To give thrust to the Research and Development (R&D) is the need of the hour.

@FollowCII should become a platform to promote R&D.

It is time that Indian Industries should focus on changing their scale rather than increasing their speed.

## The India@75 Foundation Journey

India@75 was taken up by CII as the flagship initiative toward its Nation Building agenda. In order to give it a larger mandate, India@75 was instituted as a Foundation Trust on 13 July 2012.

India is celebrating the 75th year of its Independence this year. CII's work on India@75 started when India turned 60 in 2007. Enthused with the thoughts shared by late Prof CK Prahalad at the India@60 celebrations in New York, CII adopted the idea since then under India@75 has been working on what India needed to do to shape up as a Morally, Economically and Technologically Advanced Nation.

In 2008, 14 years ago, CII facilitated a public visioning exercise, led by experts, and interviewed over 6000 people from 17 states to find out what they thought India needed to do to become such a country. These people ranged from simple fisherfolk to Ministers and Bureaucrats. The findings were synthesized into a vision document called India@75: The People's Agenda.

This vision gave rise to an eponymous movement called India@75. This was an industry-led, multi-stakeholder movement that sought to catalyze strategic collaborations between groups on issues critical to the holistic development of the country. One of the first people to understand and appreciate the intent of the movement was the Honourable Prime Minister, who was then the CM of Gujarat. Many of the India@75 vision elements found their way into the development discourse under his leadership. Skill India, Digital India, Smart Cities Mission and Startup India are some examples.

India@75 Foundation extensively working towards seven vision elements - Skill Development, Urbanisation, Healthcare, Inclusive Development, Technology, Entrepreneurship & Innovation, Business and Economy.

These helped inform mission mode schemes such as 500 million skilled manpower, 500 developed cities, 175 GW of new and renewable energy, housing for all, affordable & accessible healthcare and participative urbanization.

India@75 Foundation has been working to accelerate India's development journey by catalysing important collaboration between Industry and other stakeholder groups in areas critical to the nation's development such as the Volunteering initiative, Functional Literacy Programme (FLiP) and Aspirational District Programme etc.

It started working extensively to establish the culture of both general and pro-bono volunteering. Technology was seen as a vital enabler to scale up people engagement by catalysing more collaboration and thereby elevating the pursuit of India@75 to a movement mode. This led to the development of robust online platforms like the National Volunteering Grid (NVG) to connect NGOs with citizens and Industry so that they could collaborate on issues of common interest.

CII has been aggressively advocating the India@75 vision on strategic platforms. This has contributed to a conducive environment for indigenisation, skilling, digitalisation and financial inclusion.
